

Jarogo with Chitral Embroidered Linen Border

Based on an 18th century original found in an antique shop in Tangier, this embroidered linen is centred around a distinctive, botanical motif. Carefully stitched in a combination of two blue hues, it echoes the aesthetic of designs found in the Swat Valley region. The Jarogo Embroidered Linen is shown here with the Chitral Embroidered Linen Border. Both sold separately. Available for pre-order. Stock due early August. All fabrics are priced per yard length. 2 yards minimum order.
